All of the scheduled rehearsals above are very important. There is a systematic progression from the Rookie Rehearsals all the way through to our final competition. All parents are encouraged to attend the June 15th meeting, but it is especially valuable for students and parents new to the Marching Eagles. In a perfect world, there would be no schedule conflicts. Unfortunately, there is only so much time available for everyone. Please know that I am generously flexible in the summer with family vacations and/or various student camps. Communicate with me about possible schedule conflicts before assuming that marching band may not be possible for you. Being a member of the Marching Eagles is a great experience, and is very much worth the time and effort. You are all invited to send me an email with any questions you may have.
